Suitable for all types of beverages:

Famix Carbonator – Carbonation with CO₂ or other gases

Do you rely on the highest quality for your beverages?

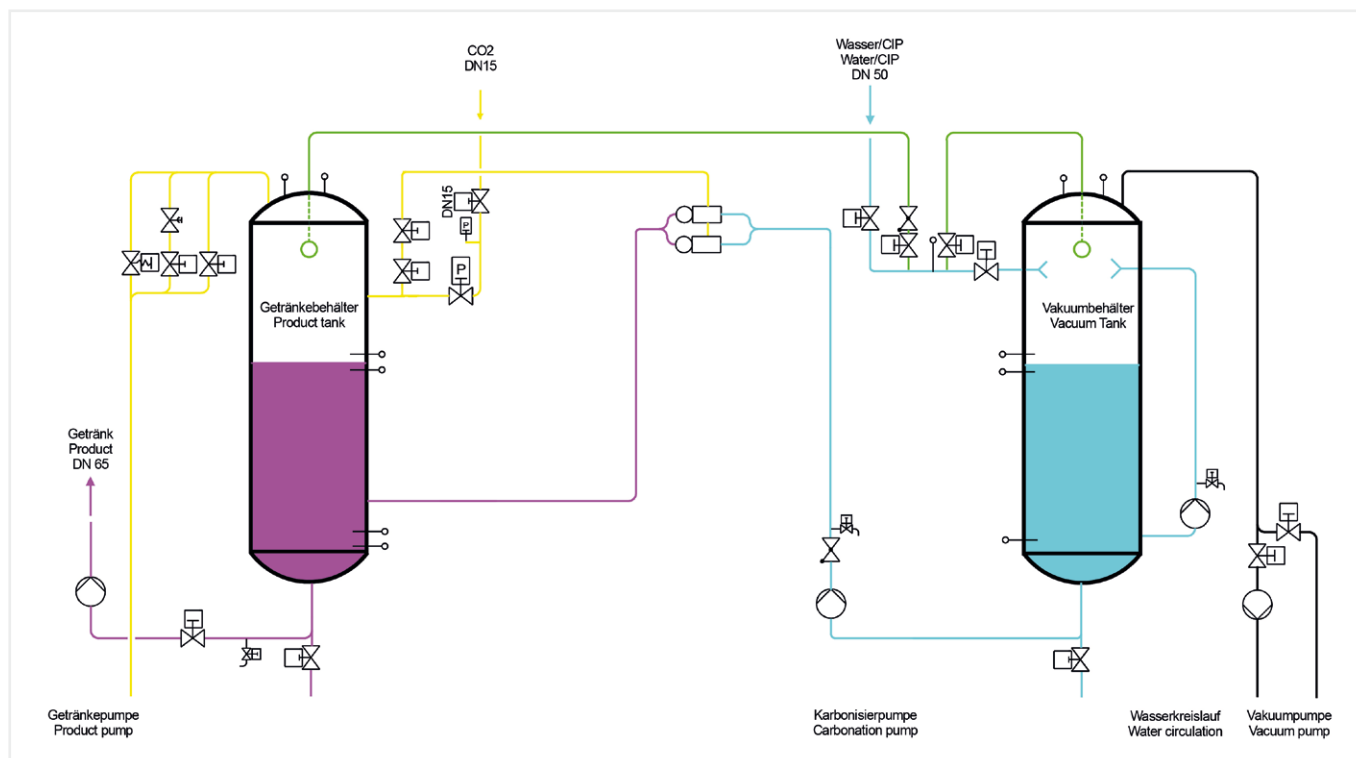

Then our compact, high-performance FAMIX Carbonator is the ideal solution. For the production of mineral water, we offer the option of equipping the system with water deaeration.

*The heart of the plant:
The carbonation and mixing unit
ensures exceptionally fine carbonation
and optimum CO₂ binding.*

Your benefits:

- + **Customized plant concepts**
with optimum performance and quality for highest demands
- + **With the latest control technology**
for highest accuracy with simple operation
- + **For all types of beverages**
such as mineral water, soft drinks, wine, cider, fruit juices, etc.
- + **Hygienic Design**
guarantees fast product changeover, minimum wastage and easy, automated cleaning processes
- + **Options:**
 - 2-stage vacuum deaeration to reduce the residual oxygen content
 - Process analyzer systems for inline monitoring of CO₂
 - Integrated cooling with plate heat exchanger
